Tur death of R. E. Thompson, the town marshal of Hardinsburg, last Thursday, by a knife in the hands of a man who was violating the law, is only another evidence of how little men's lives seems to be valued in this country. It doesn't seem to make much difference whether a man is clothed with the sanc tion of the law and in the discharge of a public duty, or whether he be a plain citizen engaged in his every day affairs. No regard is had for his duty to society or the station he occupies. The ruthless slay him. It is getting to be a very common thing in Kentucky for the lawbreakers to shoot down an officer of the law as readily as any one else. So far as the value of human life is concerned, that of one man is as dear to him as another, but when a man is compelled by force of duty to go among the disorderly element and command obedience to the laws of the land, he should have the greatest protection the law affords; otherwise none of as can be safe and every man will have to act as his own protector. In the case of the killing of Marshal Thompson, if the facts be true. there was not the slightest justification for the offense. Harrison was disorderwhipped out his knife and stabbed him to death. If such a case is not governed by the severest penalty known to the law, then why have any law at all?

Buckner, and no doubt a reward will be offered for the arrest of Bowman and Burgess, who are still at large.

A terrible case of poisoning has recently been discovered in this county and the particulars of it are so horrible as to seem almost incredible. On Oct. 14th the little child of Mr. Jess Highee, a prominent farmer living near Garnettsville, was taken violently sick and died, Two weeks after another died, and after intervals of two weeks between each death his children were taken off until four had died, all of the same violent attacks, which the physician pronounced spinal meningitis. After the death of the fourth child, however, the suspicions of Mr. Higbee were aroused, and from the strange actions of his wife he suspicioned that she had caused their death. He proceeded to have an investigation, and on the 16th inst. two of the bodies were taken up and Dr. H. K. Pusey, of Louisville, and a number of other physicians being present, took the necessary parts to Louisville, where they were analyzed and found to contain arsenic poison. Mrs. Higbee, who was then in Louisville, was arrested on a charge of lunacy, and her trial has been set for Jan. 6th. She is apparently perfectly rational, and to an ordinary observer would not be considered insane. Experts, including Dr. H. K Pusey, who is considered a most reliable authority on insanity, pronounce her insane. Mr. Higbee has one child still have shared the same fate of the others had not steps been taken to prevent it. It seemed to be the plan of Mrs. Highee to kill the entire family and then kill do not express any doubt in regard to her being the one who administered the poison, though she firmly denies anything of the kind. The case is a very sad one, and the sympathy of the entire county is with Mr. Higbee in his sad affliction. He is a most prominent and city. highly respected farmer in his neighbor-

It seems to me that those of us that may live to enjoy next Thursday night, with no impropriety, ask ourselves a question or questions something like the following: Why is it, during the year which is now well nigh spent, that so many of our acquaintances and friends have sickened and died and we still live? All the pur poses for which we are thus spared of ourse are only known to Him who knows all things. GARFIELD.

A Death.

To the memory of Brother Frank Bandy, who departed this life Dec. 4, 1890, of typhoid fever-the dear, kind one whose cheerful voice and loving smiles were ever ready to gladden our hearts with his presence. He has gone to his home of eternal abode. He was stricken down by the feeble destroyer, leaving a devoted wife, mother and father, and a

host of friends to mourn his loss. Cousin Frank was a gentleman none knew but to love, and when the news was received that he was no more, many bitter tears were shed. Oh, I see how we will cling with tears and prayer to our dear ones when we find they are about to be taken from us! But we have no heart just now to speak further. He whose ways are inscrutable and past finding out has seen fit to remove him from this world, and he now sleeps in the realms of eternal bliss. What can we say to assuage the anguish of his sorrowing wife and parents? Nothing for grief like theirs must find expression, or the heart will burst. We can only say, we tender them our heartfelt sympathy in their deep affliction. Cousin Frank was eminently a sociable and mild Christian. His door was ever open to his friends. It appeared like the dearest place on earth was "home, sweet home." He was a loving and devoted husband, a good neighbor and a steadfast friend.

Louisville may be congratulated that the management of the Auditorium, has had the enterprise to engage this great production for her benefit, giving her an entertainment that has only been produced in one other city, at the Auditorium, Chicago, and which New York tried to obtain immediately after its engagement there, but could not get it until New Year's week. The Auditorium will be crowded during the first holiday week, for the attraction is some thing so new and so gorgeous, that none will stay away, the prices being so reasonable. There will be reduced rates during the week. As great as was Kiralfy's show, it is said to be but a side show in comparison with this. Do not miss see ing this great English Pantomime.
